

# What is Port Fairy's most popular web site according to Google?

Yes, it's **My Port Fairy** – [portfairy.com.au](http://portfairy.com.au).

**My Port Fairy** was established 7 years ago and has continually guided visitors to the town's attractions & accommodation facilities.

Our clients make money from their annual \$165 listing at **My Port Fairy** and so can you. None of our accommodation clients have left us over the past 7 years. Now that is saying something about the effectiveness of this web site. We are performance orientated.

Forget about SCM for the moment – if you are looking for booking enquiries **today**, actual bookings **today** and wish to promote your business **before the visitor arrives** in Port Fairy, then **My Port Fairy** has to be your chosen 'Googled' site. Accommodation, Eating out, Events and Attractions.
